The Unlikely Canonization of Senator Byrd

... and other possible Candidates

Catholic Bishop says Pro-Abortion Sen. Byrd "enjoys Perfect Joy?"

**Open Letter to Bishop Michael Bransfield Diocese of
Wheeling Charleston**

Your Excellency, Bishop Michael J. Bransfield,

We must express our deep regret at your statement --- to the confusion of the Faithful --- that the Pro-Abortion Senator Byrd, whose votes culminated in the death of millions of children --- *"is now at peace with the Risen Lord and ... is experiencing Perfect Joy."*

To the Catholic Faithful this a message, from the highest Catholic Authority in West Virginia --- and a message to the nation --- that Pro-Abortion activists enjoy the Beatific Vision ... *together with the millions of innocent babies* for whose death they clamored. Amazing! No ... your Excellency, scandalous. Deeply, deeply scandalous.

Und Andere?

It leads us to wonder if those, who by policy, instigated the "Final Solution" 60 years ago, enjoy the same eternal consolation of their victims.

We would be interested to learn if you have plans to beatify them also?

You have caused confusion and scandal to the Church and to the Faithful --- and are undoubtedly a source of comfort to Planned Parenthood and the many, many, Doctor Mengeles they employ in their Charnel Houses for Children.

This shameful pandering to "the sensitivities" of the politically and socially correct is, in a word, *abhorrent*.

Worse still, it is an assurance from no one less than a successor of the Holy Apostles, that those who drag children off to death can do so with a clean conscience; that those who mingle their money with the blood of children will --- like them and their Holy Angels themselves "who ever behold the face of God in Heaven" (Saint Mat. 18.10) --- share the "Perfect Joy" you assure them ... together with the Little Ones they butcher.

But then again, Herr Docktor Mengele was also an "Angel" of sorts ... wasn't he? It is what his victims called him, too.

Sincerely,

Joseph Mary del Campos
